O*YAD

DEERFIELD HIGH SCHOOL
DEERFIELD, ILLINOIS
1962-1963

FOREWORD

O*YAD is an attempt to give the students of Deerfield High School a picture, combining memories of the happy hours, disappointments, accomplishments and struggles of our year at Deerfield, 1962-1963. If, when you look back on these pages, you remember your year at Deerfield, O*YAD's purpose will be accomplished. For O*YAD means "Our Year At Deerfield."

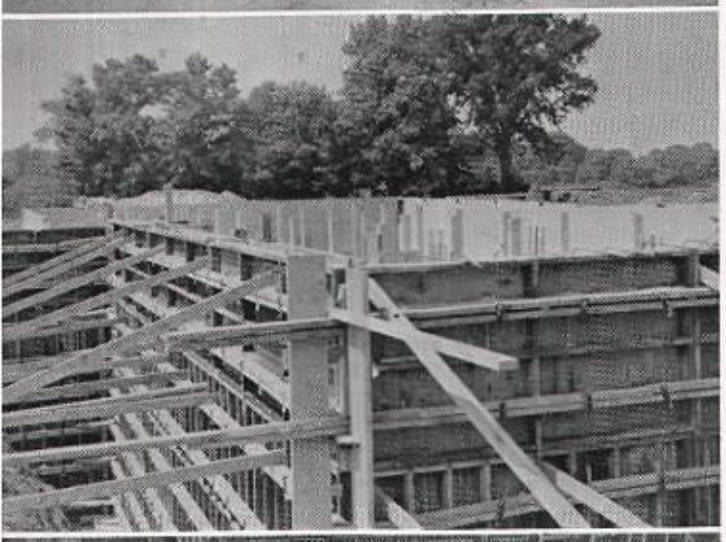
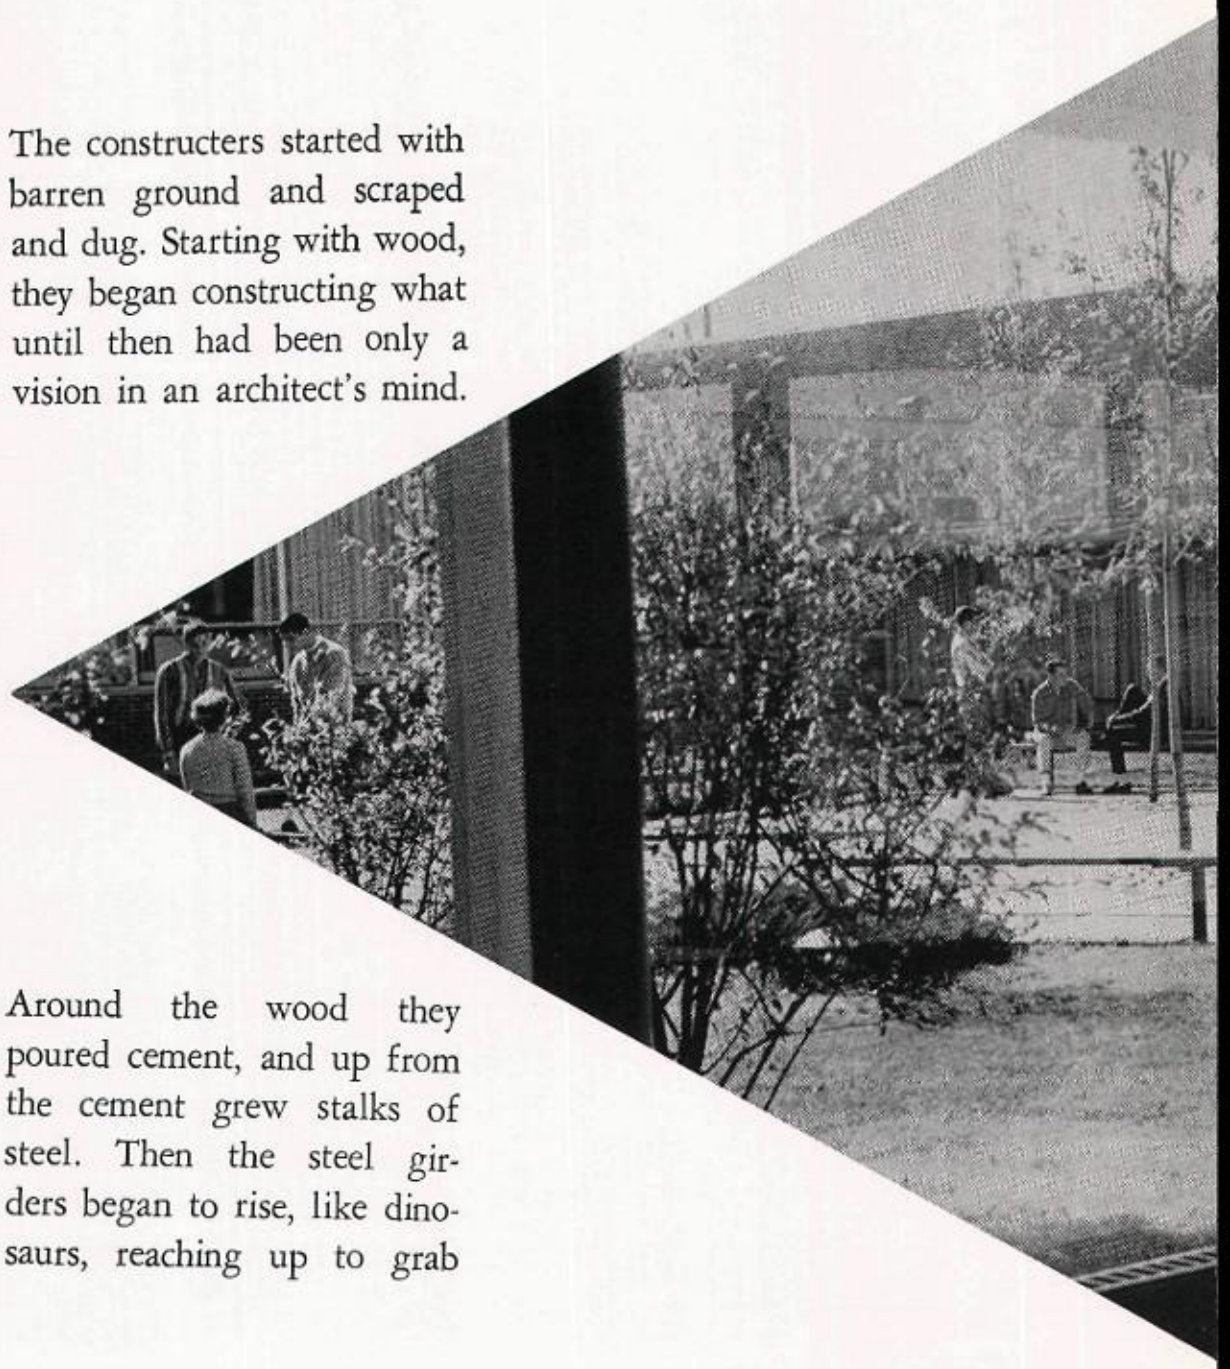
Growing . . . Growing . . .



The constructers started with barren ground and scraped and dug. Starting with wood, they began constructing what until then had been only a vision in an architect's mind.



Around the wood they poured cement, and up from the cement grew stalks of steel. Then the steel girders began to rise, like dinosaurs, reaching up to grab

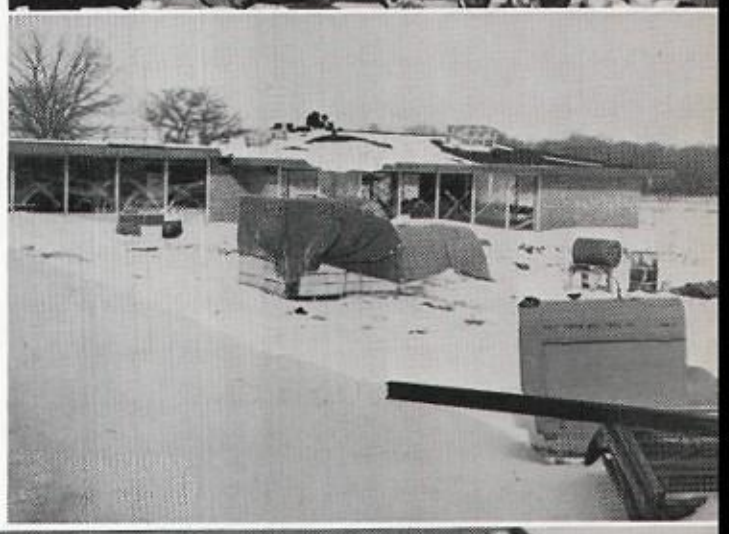
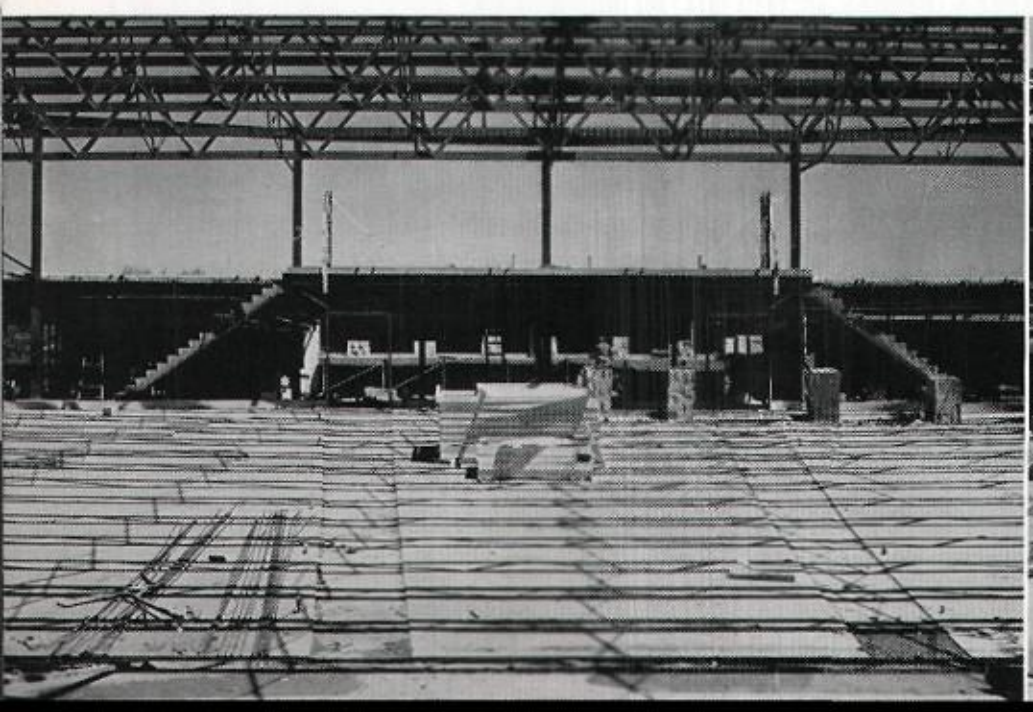
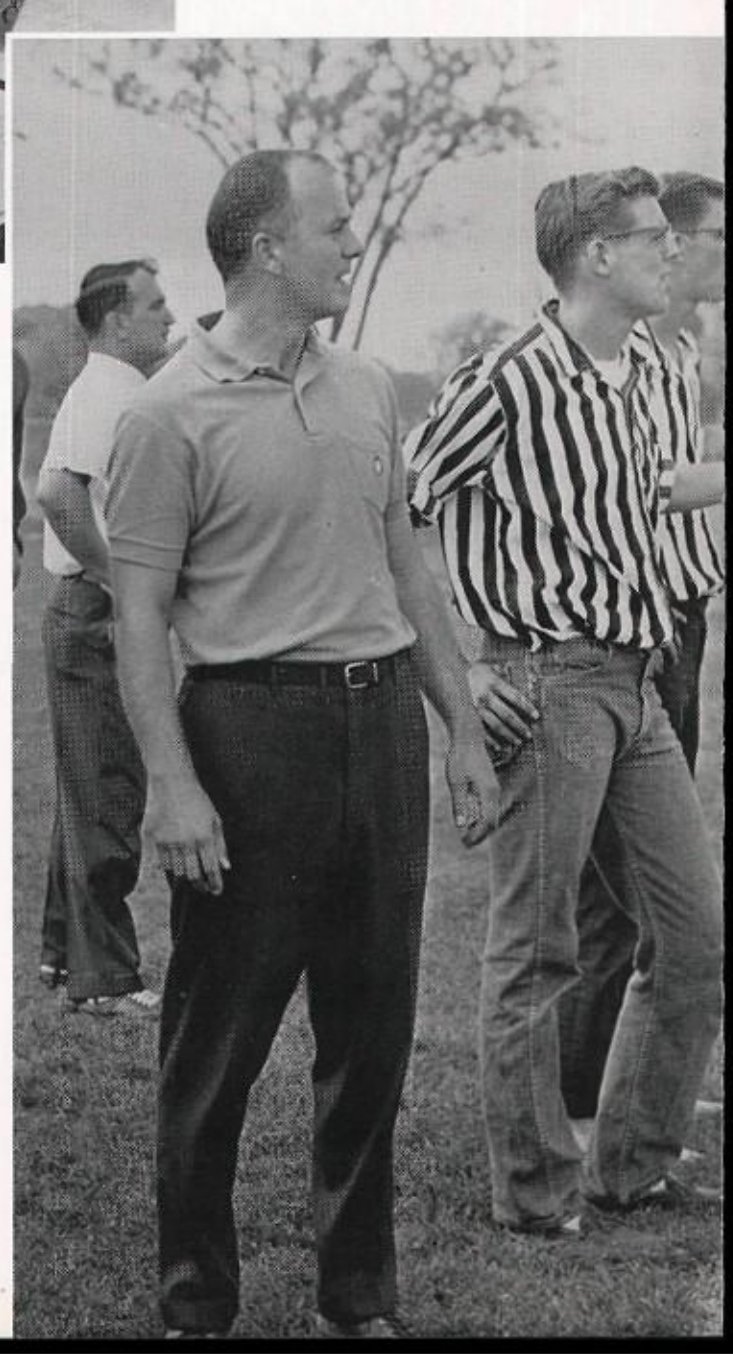
the sky. Snow and cold weather came but did not stop them from finishing the building. Their goal was reached on December 11, 1960, when the finished school was dedicated with leaders of the community observing the event.





Dedication



Harlan A. Philippi, Ph.D.

The first senior class dedicates the first O*YAD to Dr. Harlan A. Philippi. Born in Milwaukee, Wisconsin, he received his B.S. and M.S. Degrees from University of Wisconsin. Later, on June 16, 1962, he received his Ph.D. from Northwestern University. Dr. Philippi taught both at Lansboro, Minnesota, and Highland Park, Illinois, before becoming principal at the new Deerfield High School.

To Deerfield seniors, Dr. Philippi is a friend, giving help and bestowing honor, supporting the senior class in every way possible. As we, the seniors, prepare to leave Deerfield High, we extend grateful thanks to Dr. Philippi.

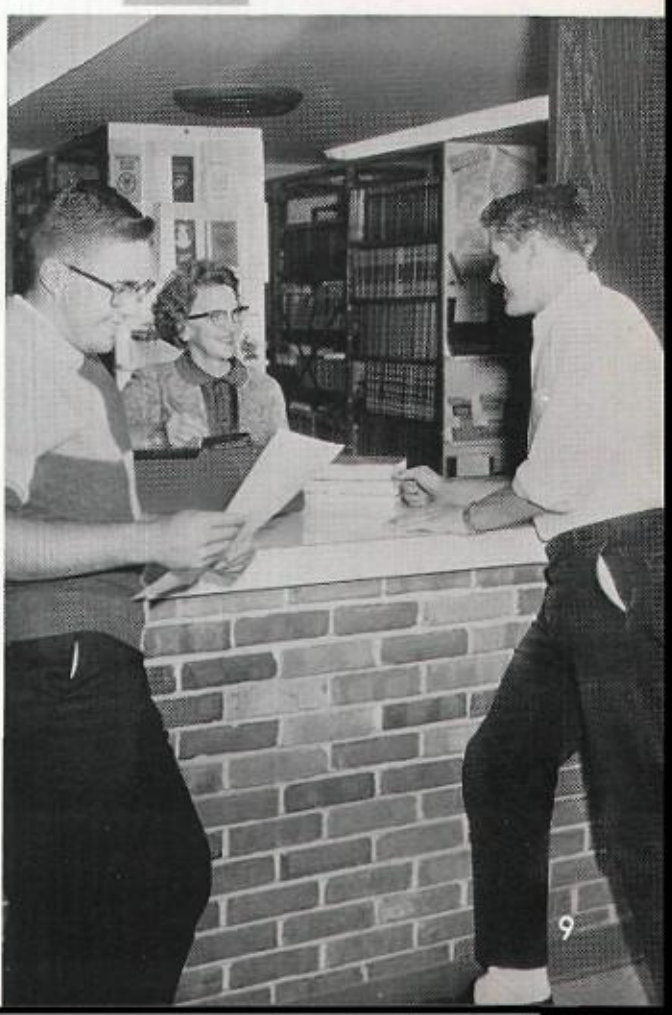
Administration

Mrs. Stallman; Mr. Bingham, librarian; and Mrs. Bean are always ready to help students find books and reference materials.

Mrs. Hall is in charge of admittance and attendance.

No organization as large and complex as this school system can escape chaos without well-organized administration. It attracts little notice as it smoothly averts the 1001 catastrophes which may occur. It foresees difficulties and keeps everyone functioning efficiently.

Right: Mrs. Slattery at the bookstore handles books and supplies for students.



Mrs. Fahler, our nurse, checks a student's temperature.

Service Personnel

JANITORS AND BUS DRIVERS. *Top Row:* John Danus, Larry Lincoln, Erick Glazel, Adolf Vous, Charley Palmeri, Woody Coughenour, Vincent Meyers, and Walter Olsen. *Bottom Row:* Joe Zacconi, John Gredi, Dom Cantagallo, John Oberston, and Hugo Bernardini.

Woody Coughenour, *Head Custodian.*

Although seldom seen by students, the service personnel do a great deal toward keeping the school running smoothly. Few of us are awake enough in the morning to notice the bus drivers. We see the cafeteria servers but not those who prepare the food. Unless we are late to class, we seldom see the janitors and maintenance men. Only frequent visitors to the office see the office staff. But by looking around, we can see the results of their work and are glad that they are here.

THE OFFICE STAFF. *From Left to Right* are Miss E. Wolter, Mrs. T. Mroz, Miss B. Ledlie, Mrs. B. Davis, Mrs. E. Nathan, Miss S. Johnson, Miss G. Delf, and Mrs. D. Petersen.

THE CAFETERIA STAFF. *Left to Right:* Mrs. Lomoro, Mrs. C. Grastad, Mrs. C. Vander Bloomen, Mrs. F. Stubenvoll, Mrs. J. Sandberg, Mr. V. Deliso, Mrs. R. Tillotson, Mr. C. Prinzhorn, and Mrs. G. Lenzini.

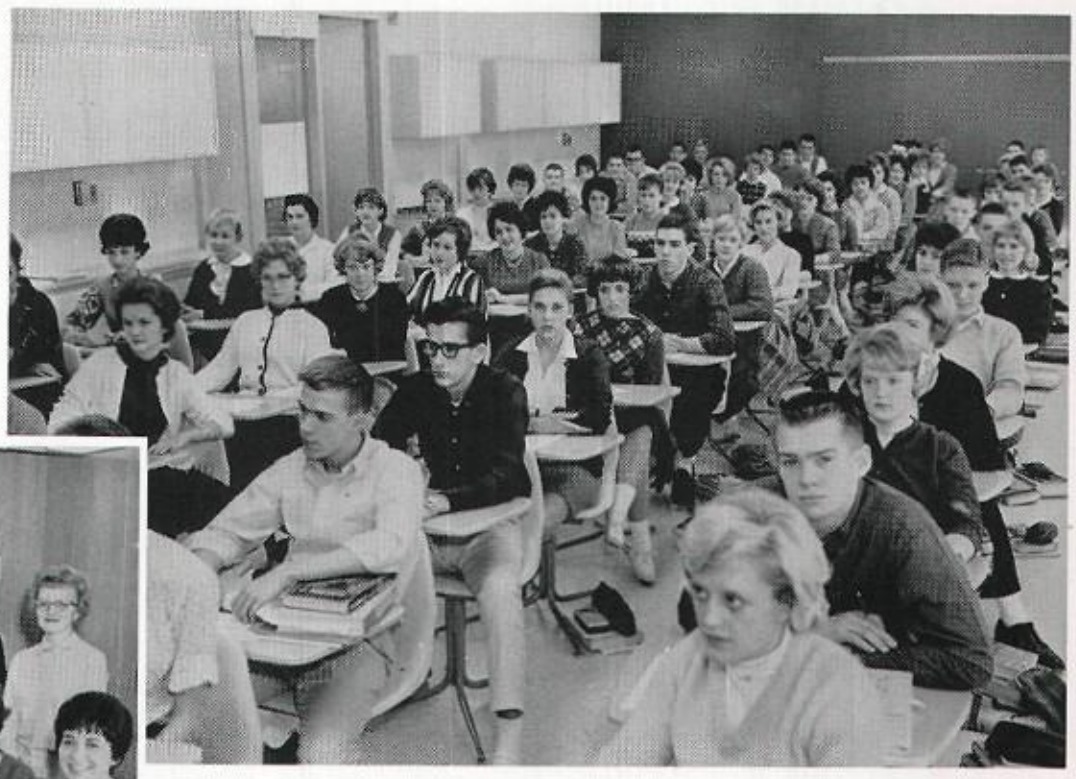
Social Studies and English

Left: The social studies teachers are Mr. Poelling, Miss Tallman, Mr. Hantula, Mr. Laursen, Mrs. Ferren, Mr. Bassett, and Mr. Repsholdt, head of the English and social studies departments.

Below: Speech students practice their oratory.

The English and Social Studies Departments have the widest field of all the departments. It spans the 3,000 years of civilization's progress, and all man's comment on himself and his world.

Many new ideas are being used in this department. The most striking of the new changes is Team. Team consists mainly of following a timetable which would baffle Union Station's ticketmaster, procrastination, finding the reserve books, and writing exams, themes, essays, speeches, discussions, criticisms, and exams . . . which is what most of the other courses in this department consist of.

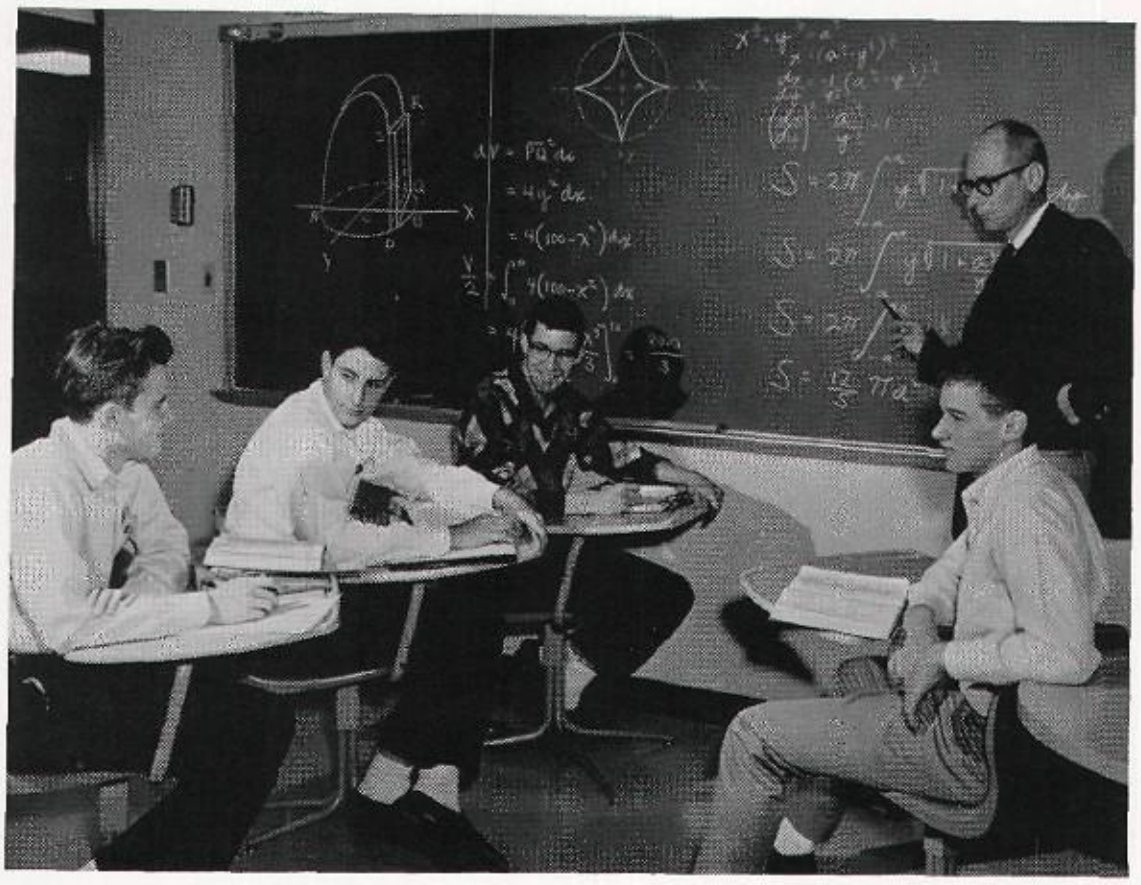


Above: This year's Team students.

Left: The English teachers are Mrs. Kramsky, Mrs. Manglaris, Mrs. Merz, Mr. Repsholdt, Mrs. Hansen, and Miss Lutz, *seated. Standing* are Miss Horner, Mr. Hanson, Miss Ayres, Mr. White, Mr. Skoien, and Mrs. Miller. Absent was Mr. Knudson.

Mathematics

Mathematics was once thought the most perfect and changeless of the sciences. Today nothing remains untouched by the computer revolution. Today's students are kept abreast of these changes by modern textbooks, a computer lab, and a faculty undaunted by a subject in which nothing is constant except change. Our students learn early of set theory, computer logic, symbolic logic, and all the many innovations necessary in our modern world.



"All right, guys, so I forgot the square root of four . . ."

THE MATH TEACHERS. *Seated from left to right* are Miss Klinge; Mr. Wildermuth, head of the department; Miss Peyer; Mr. Hall; Miss Mornini; and Mr. Nadig. *Standing* are Mr. Fielding, Mr. Davidson, Mr. Shepard, Mr. Gosh, Mr. Park.

Science is an ever-increasing part of our lives and will be used continually in modern society. Our science courses have been adapted to this role.

In biology, we study life forms. "But this frog didn't have a liver!" Chemistry gives students a chance to study the properties of matter, "My unknown tastes like $CuCl_2$." Physics acquaints students with matter. "That shock felt like AC current."

For students who could survive the ordinary science courses, an Advanced Placement Program is available, guaranteed to keep students studying until 3:30 A.M.

Language

The language teachers *from left to right:* Miss Shafer, Miss O'Mara, Miss Fredrickson, Mrs. Dravillas. *Standing* are Miss Clark, Miss Lutz, and Mrs. Hutchison.

No course seems as easy in the beginning as language. You learn your name and how to count. You are given vocabulary and a few simple sentence forms. The pronunciation seems simple; it is almost like English. But all that changes when the grammar starts. Verb forms, case endings, passive voice, and subjunctive mode all add up to a hundred things that can go wrong in each sentence. The language lab seems the last hope of correcting your pronunciation. Vocabulary attacks like mosquitoes in a marsh.

But somehow you survive. You actually enjoy the reading. You find yourself thinking in the language. You have made it.

At work in the language lab.

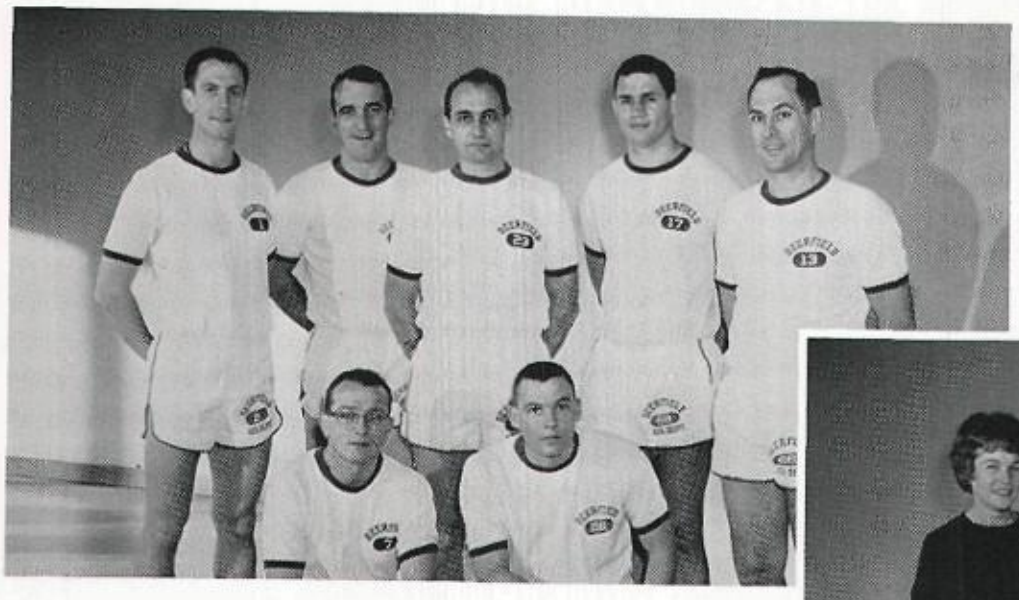
Physical Education



The boys' gym teachers *from Left to Right:* Mr. Frahm, Mr. Adams, Mr. Baldrini, Mr. Smith, and Mr. Ostrander. *Sitting* are Mr. Halford and Mr. Kay. Mr. Baldrini is the head of the department.

The girls' gym teachers, from *Left to Right:* Mrs. Sanders, Miss Boyd, Miss Harvey, Miss Norris, Miss Taylor. Absent was Miss McCutchan, head of the department.

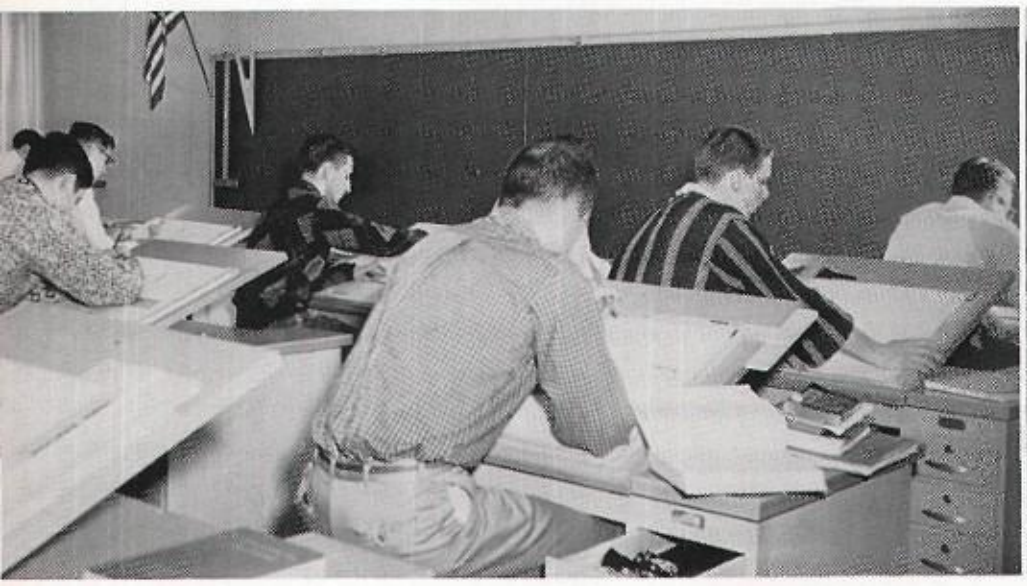
Nearly every sport forms a part of Deerfield's Physical Education program. There is an activity to suit everyone. from trampoline to tennis; from rings to relaxation.

The PE department plans and supervises intramural and interscholastic competition in a wide variety of sports.

The best measure of the PE department's success is the fact that DHS students performed well above average on the National Physical Fitness Tests.

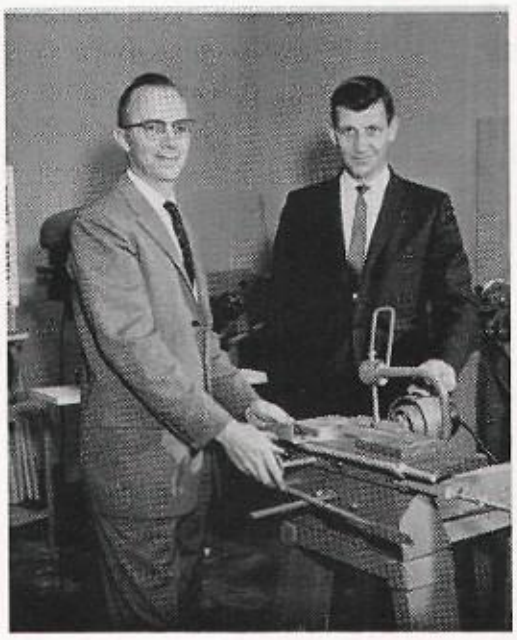
"You and me, we sweat and strain . . ."

Industrial Arts & Business Education



"Of course it's only a first draft!" Mr. Hammerberg supervises the mechanical drawing class.

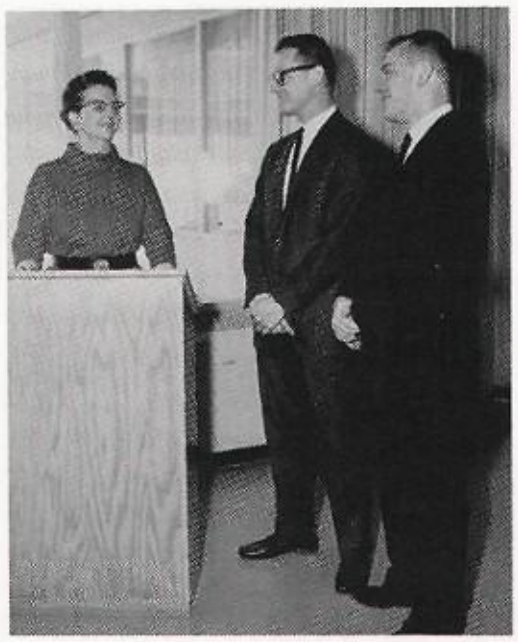
"Connect fixture A-3 to the support Q-X . . ." Mr. Kehrberg and future builders completing the framework of the house.



Industrial Arts teachers Mr. Kehrberg and Mr. Hammerberg, Chairman, in the midst of a wood-working project.

The products of an Age of Industry surround us. To keep this ever-present machinery working effectively and efficiently an array of operators, technicians, and repairmen is necessary. It is this army of competent workmen that our Industrial Arts Department trains under the supervision of Mr. Hammerberg and Mr. Kehrberg.

More and more office workers are necessary to cope with the paperwork flooding modern business. They must be well trained in their skill, whether that is typing, taking dictation, accounting, or using one of the many modern calculating and processing machines. To educate such skilled workers is the purpose of the Business Ed. Department, headed by Mrs. Maxey.



Mrs. Maxey, Chairman of the Business Education department, talks with Mr. Knudson and Mr. Rurey.

Art and Music

Young artists hard at work.

"Picasso?" . . . Miss Gorr and Mr. Edwards, head of the art department, inspect a student's work.

No one can go through the corridors without seeing evidence of the art department. The cases outside the library are filled with the sculpture, mobiles, and abstractions of the art students. Oil paintings are frequently hung in J and K corridors and inside the bus entrance. Many of the posters, advertising sports, dances, and music events are the work of the art department students.

The music department at DHS is among the most active in the school. The band plays at home football and basketball games and at the pep rallies. The orchestra and chorus together produce several concerts and music assemblies each year. No one present at events such as *Brigadoon,* the Christmas concert, and *Amahl and the Night Visitors* needs to be reminded of their success.

Our school's only two-man trio . . . Mr. Spriester and Mr. Kyle, head of the music department, look over a musical score.

Home Economics

"Look over here! My pie evaporated!"

Homemaking may be easier today than it once was, but it is also far more complicated. To prepare highschool girls for the varied tasks that the modern mother and homemaker must face is the job of the Home Economics Department. Working with the most up-to-date appliances and furniture, the students face every problem which might confront a homemaker.

National Honor Society

On October 12, twenty-nine robe-clad members of the senior class participated in the first National Honor Society initiation at Deerfield High School. The twenty-nine were chosen by the faculty, an administration committee and their fellow seniors on the basis of leadership, scholarship, character and service. The members, limited to fifteen per cent of the graduating class, were chosen from a list of those students ranking in the upper third of the class at the end of their junior year.

Election to this society is the highest honor that a high school student can achieve. These seniors have set the standards of achievement which are the goal for classes to come.

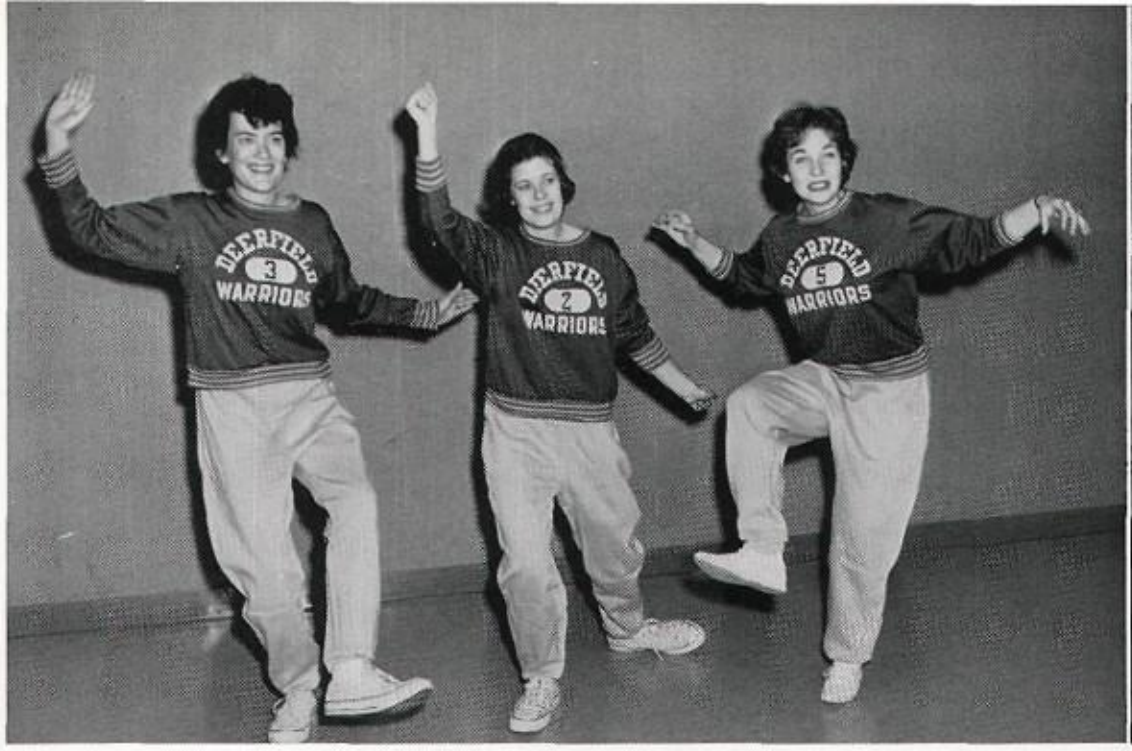
"Brigadoon"

The dramatic productions at Deerfield High School have been few but memorable. Our first operetta, "Brigadoon," was a great success with Irene Hosford, Jon Pilurs, Jim Salisbury, Cindy Chisholm, Deanna Davis, Joel Fritz, and Bill Olendorf as leads under the very capable hands of Mr. Kyle as director and Sue Bers as student director. The people engaged in making this a success are too numerous to name but greatly to be thanked for all their efforts.

The second big production was senior class' first production of Student Stunts. "Academic Antics" contained many moments of enjoyment and showed a magnificent drive for success on the part of all those participating. Steve Siegel deserves much credit for his hard work and initiative along with all the others for their great sacrifice of time and energy to make "Academic Antics" an outstanding evening of entertainment for all attending.



GO—FIGHT—WIN

Deerfield High's enthusiastic pep rallies were an excellent chance to display the co-ordination of our good-natured, always willing teachers. Seen here is the cream of the cheerleading crop: Miss Norris, Mrs. Ferren, and Mrs. Sanders.

The Snowball Queen was chosen by the members of Varsity Club as they were admitted to the dance. Besides athletic ability the boys seem to have very good taste.

Above: Some couples enjoying the enchantment of a winter dance.

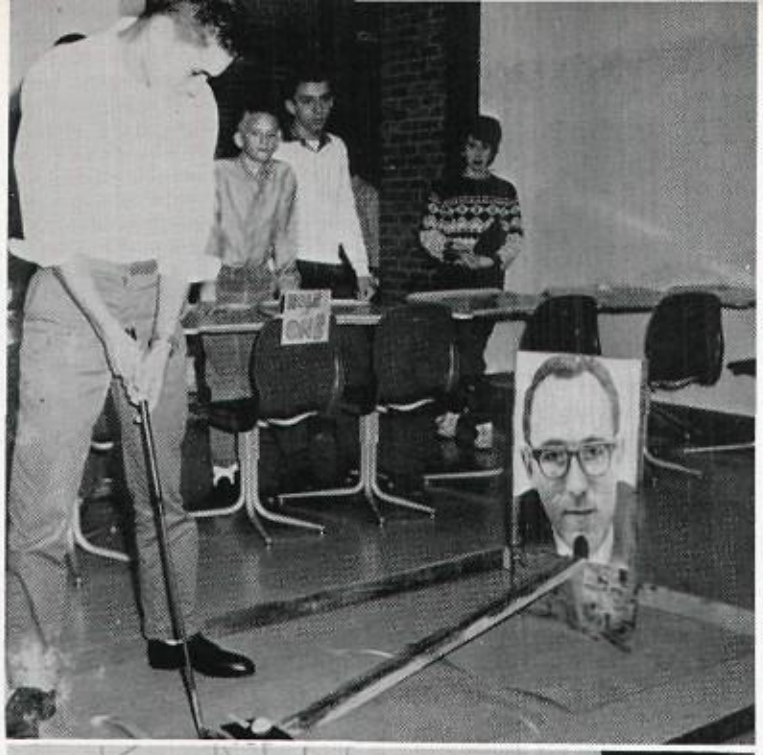
Left: Scene depicting Rifle Club at the Big-Little Sister Tea, held every fall for freshman girls by the junior girls.



Above: Engbretson's booth—How to relieve tensions in one easy lesson.

Below: Feeding time at Knilan's booth.

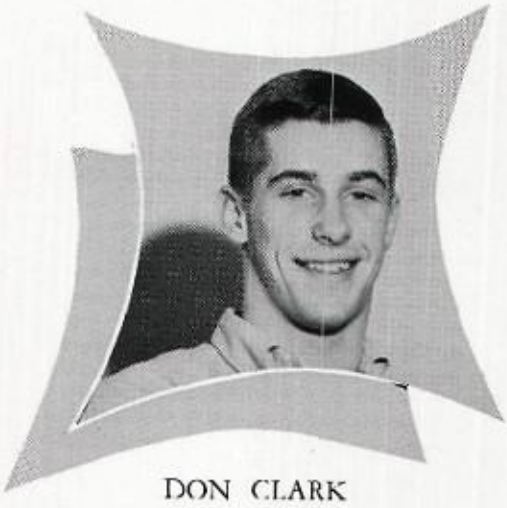
The Junior Carnival, sponsored by the junior class, was a fund raising project for next year's prom. Each junior session had a booth which exhibited session ideas. What ideas! Besides the booths pictured, there was an egg throw contest, a "Twist Lounge," a French cafe, and many others.

The Spanish Banquet was a big event for all Spanish students. First there was a costume contest; then there was a pinata breaking, the Mexican hat dance, and tango lessons by Lee Barry.

"Mis amigos—Who stomped on my hat?"

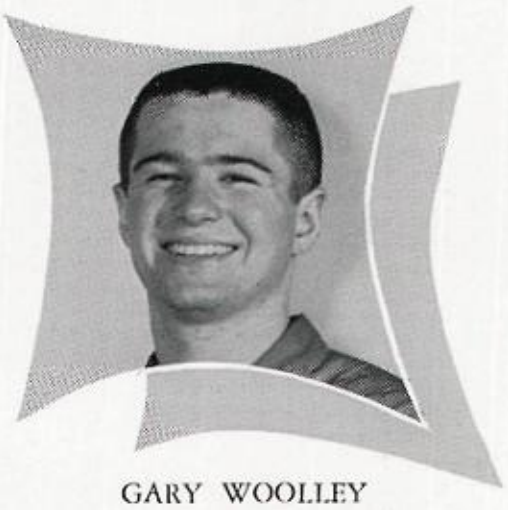
"La Cucaracha, La Cucaracha!"

Student Council



DON CLARK

JANE JOHNSON



GARY WOOLLEY

For three years, Deerfield's Student Council has served as the foundation stone of our school, not only as a governmental structure but as an example to the student body. Purposes of the Council are to promote school spirit and unity, to solve all teacher-student problems, to promote better teacher-student relationships, and to set up standards and rules for the Deerfield students.

President Jane Johnson and past presidents, Don Clark and Gary Woolley, working with the advisors, Miss Klinge and Mr. Torsberg, help guide the Student Council to decisions. Projects are also decided upon by representatives, one from each session, when they meet at bi-weekly meetings.

Student Council Executive Board this year consists of *left to right:* Mary Joh Eisinger; Lee Barry; Marianne Geuder; Kris Randerson; Gary Woolley, Treas.; John Fleming; Murray Nelson; Martha Rudolph; Rick Cadieux; Joan Schiffer, Sec.; Bonnie Gollub; Pete Craig, Vice-Pres.; Jane Johnson, Pres.; and Jon Shurburg.

"For the First Time," our first dance, is only one of the Student Council's varied activities. Others include coke dances, fun nights, and pep rallies, like this year's Warrior Day. On the serious side, Student Council sponsors the School Chest, a project that donates money to local, national, and international charities. Another service that is put out by the Council is the Dial Data, a phone directory including names of all students.

Our First Foreign Exchange Student

Every night after school, students flock to the Snack Bar to partake of food and to contribute their money to the Foreign Exchange Student Fund. This fund has been used both for this year's foreign exchange student and for the boy that we adopted from India, two years ago.

"In Argentina people think Americans don't care at all about cultural problems such as music, painting, etc., but I've learned how much they do care and how much interest they put in learning. I also learned lots about leadership and the importance of good leaders. Finally I learned how much you love your country, your flag, democracy, and liberty, which is the feeling that makes America great. All these things I've learned and experienced are the purposes of my stay here that will surely lead to a better comprehension and understanding between Argentina and the United States."

These words were spoken to Deerfield students by Lee Barry, our foreign exchange student from Argentina. Lee has also learned, as he told us, to think and even dream in English.

Girls' Club

Left: Bonnie Betterman, president, and Jean Fargo, vice-president, discuss plans for Girls' Club with their sponsor, Mrs. Dravillas. Their other sponsor who is not present is Miss Lutz.

Below: The other officers are *Left to Right:* Bonnie West, secretary; Laura Rudolph, publicity; Cheryl Linton, social chairman; and Jody Wood, treasurer.

Left: Figuring out the profits for the Magazine Drive are the President and friends.

Below: Portraying the Art Club, these girls are entertaining the incoming freshmen.

Girls' Club has no membership problem for it includes every girl in our school. Girls' Club is a very active group. During the past years it has sponsored several trips to convalescent homes, fashion shows, picnics, little sister teas, and a mother-daughter banquet. The officers and supervisory board are conscientiously serving the girls and our community.

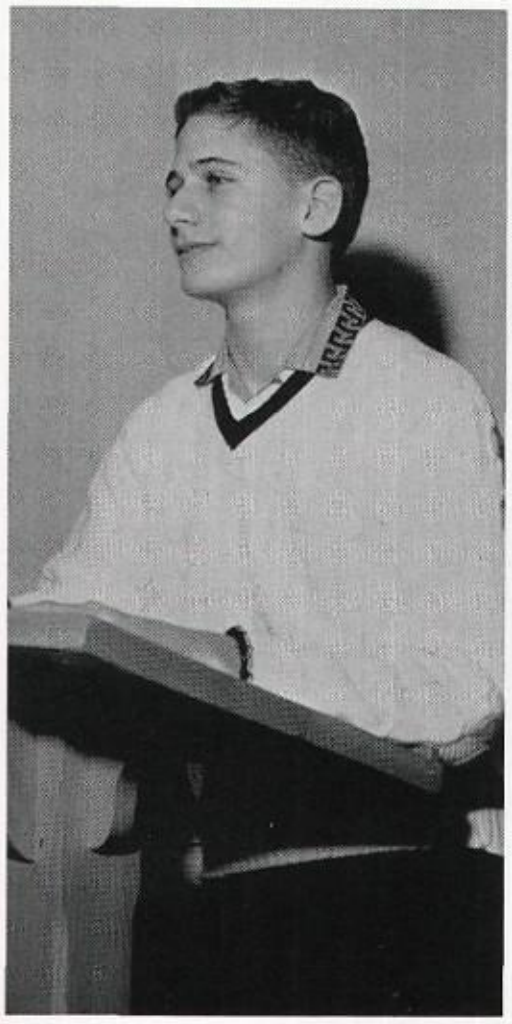
"Remember When"

Nineteen twenty was the theme of the Girls' Club Mother-Daughter Banquet held in February. The girls brought back the memories of the time when their mothers were teenagers.

Boys' Club

Officers of the Boys' Club, each elected in the all-school election, are clockwise: Bob Faraone, Treas.; Jim Patterson, Vice-Pres.; Pete Frantz, Pres.; and Brad Schlesinger, Sec.

From words

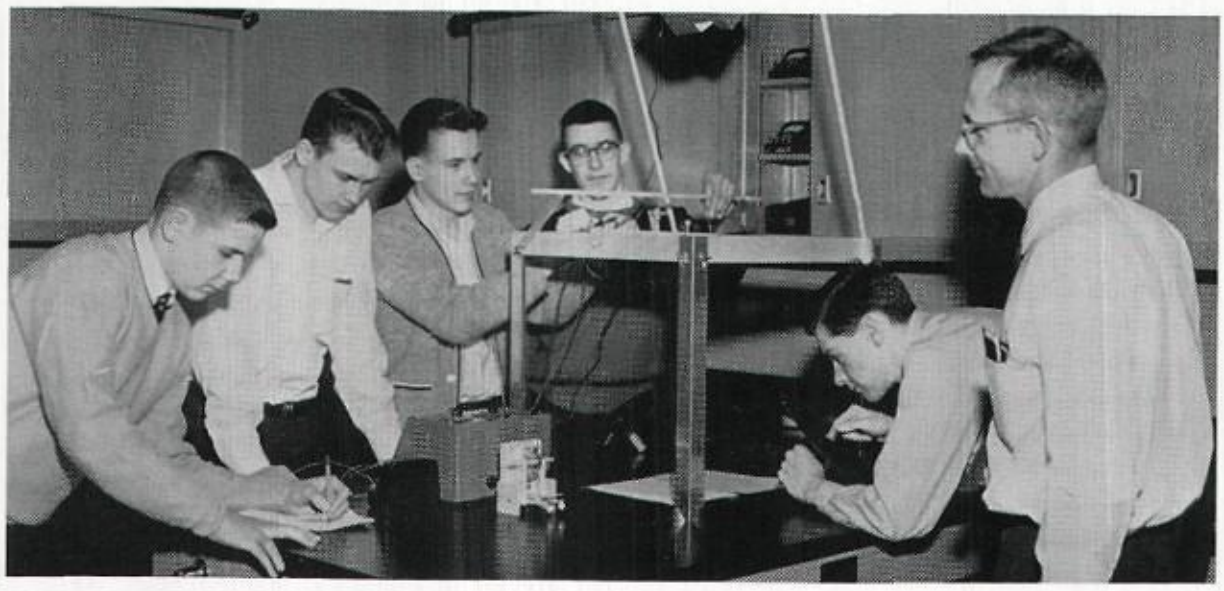


These officers and active debaters, *left to right:* Bill Borden, Pres.; Mark Janis, Vice-Pres.; Lyman Sandy, Sec.; Dennis Gunther, Treas.; and their sponsor, Mrs. Miller, head an active debate club. Our debaters have an overall winning record and have won several awards.

To thoughts

"I challenge you" are familiar words to the officers of our Chess Club, *left to right:* Ken Boyd, Sec.; Bill Zimmer, Treas.; Miss O'Mara, Sponsor; and George Pearson, Pres. Increasing in size and ability during two years, they are proud to report many wins over schools in this area.

From experiment



Officers of Science Club, *Left to Right:* Bill Arthur; Lyman Sandy, Sec.; George Pearson; Walter Neilsen, Pres.; Chip Bole, Vice-Pres.; Advisor, Mr. Luebbert. Students interested in science are encouraged to follow this career through the Science Club. Movies, lectures, and demonstrations are presented by members at their weekly meetings. Last year a trip was taken to the I.B.M. data-processing center and this year they visited the Northwestern University labs.

To theory

Many different computers have been built by Math Club members. *Left to Right:* Mr. Gosh, Advisor; Charles Kafadar, Vice-Pres.; Chip Bole; Walter Neilsen, Sec.; George Pearson; Joel Fritz; Lyman Sandy, Pres. Various topics in the field of mathematics are discussed in their weekly meetings.

Lyman Sandy received the 1962 Mathematics Association of America pin for achievement in their contest.

Art Club

Posters and other such artwork seen around the high school often will have been made by the Art Club. President Kris Randerson is joined by vice-president Joan Levy and secretary Janet Carnahan in her appreciation of all art.

F.T.A.

Future Teachers of America—The inspired students who belong to this club may be the teachers of our children. They are interested in learning about methods of teaching so that they can go forward with the progress of the teaching profession. Many learning opportunities are open to the members through trips to nearby grammar schools and lectures by experienced speakers.

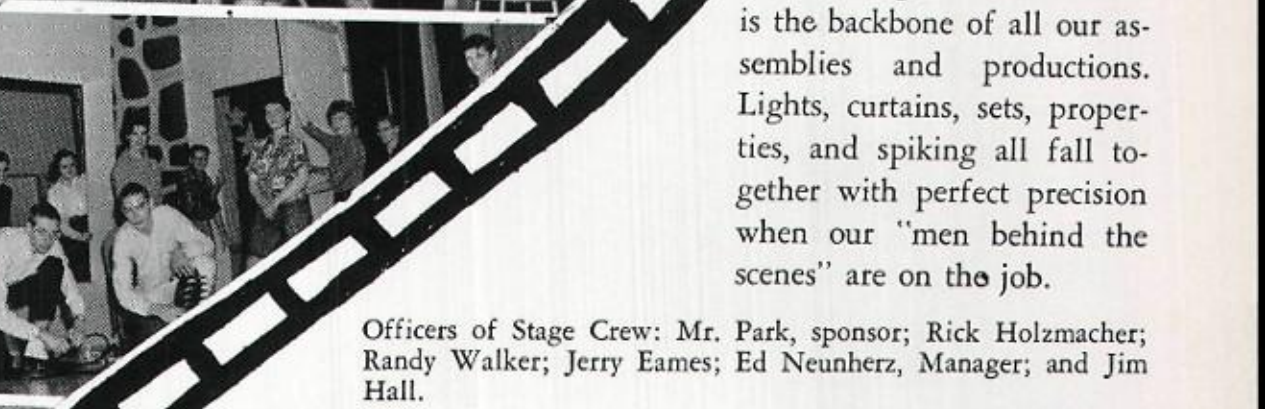
The officers are, *left to right:* Donna Tribolet, Vice-Pres.; Sue Pittenger; Mr. Brawders, Sponsor; Judy Rosenberg, Sec.; Mrs. Ferren, Sponsor; Lynn Gordon, Pres.; Tee Newbrough, Treas.

Drama Club

Drama Club Officers, *Left to Right:* Sue Bers, Pres.; Mr. White, Advisor; Joanne Brooks, Vice-Pres.; Mr. Alleman, Advisor; Jayne Shay, Publicity Chr.; *Absent:* Barb Barth, Sec.-Treas.

"To be or not to be . . ." Famous words from a variety of plays can be heard reverberating from the auditorium walls by our talented Thespians.

The purpose of the Drama Club is to promote a theatrical interest in everyone regardless of "talent." This enthusiasm for theater is developed through programs given by famous persons lecturing in their fields; by opportunities for students to write, direct and star in their own productions; and by experience in make-up and set design.



Stage Crew

A new world and vocabulary opens up to you when you join the stage crew. This crew is the backbone of all our assemblies and productions. Lights, curtains, sets, properties, and spiking all fall together with perfect precision when our "men behind the scenes" are on the job.

Officers of Stage Crew: Mr. Park, sponsor; Rick Holzmacher; Randy Walker; Jerry Eames; Ed Neunherz, Manager; and Jim Hall.

Every night Deerfield's journalists are seen busily working in order to send their bi-weekly newspaper to press. Sports, features, and editorials are included in the finished product.

Deerprints reflects a main part of our high school and helps bring students closer to their school. Our newspaper truly serves the students and the school.

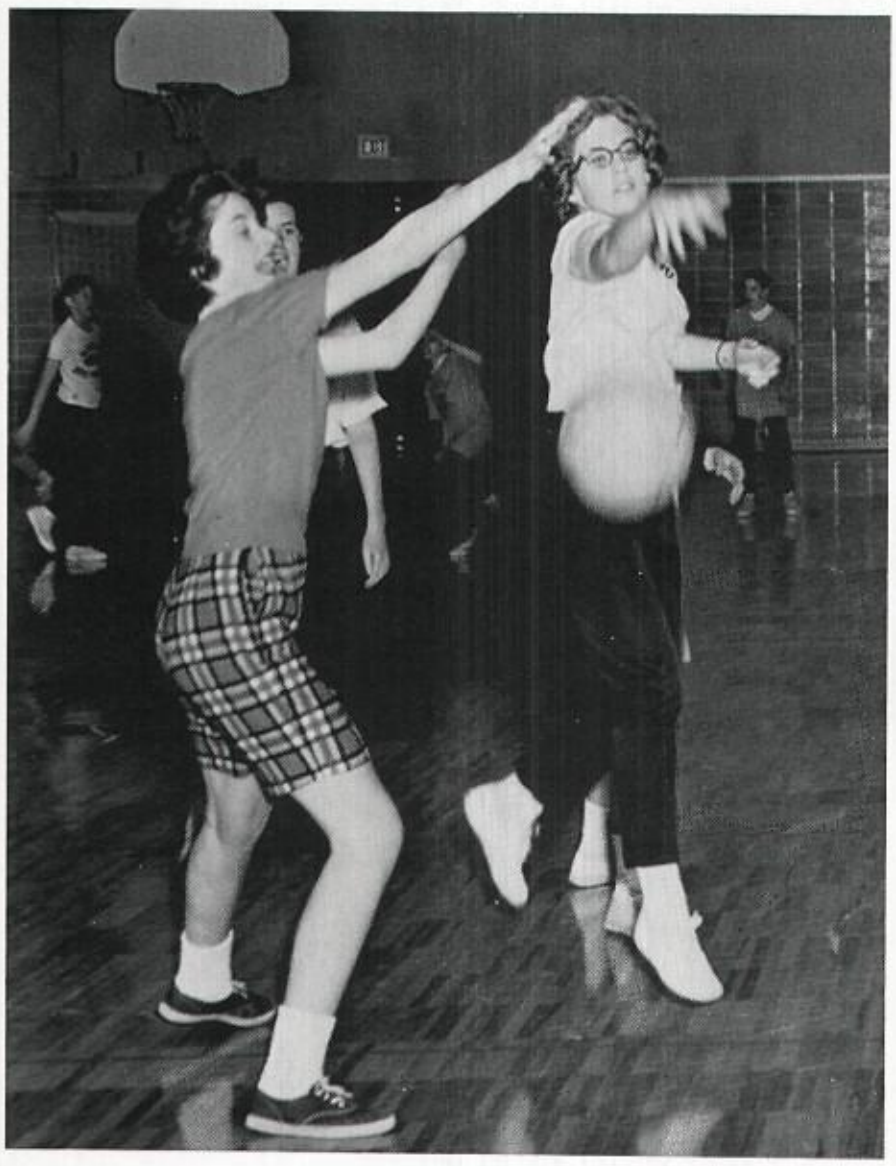
Pep Club

Miss Horner and Miss Ayres, sponsors of Pep Club, discuss plans for the club. The club's other sponsor is Miss Mornini.

Pep Club started with a group who were interested in encouraging school spirit at Deerfield. The club started in 1960 and ever since has been sponsoring buses to both basketball and football games. They have also sponsored several pep rallies, coke dances, and Warrior Day. One of their most important activities this past year was the promotion of our school song.

The Pep Club officers are, *Left to Right:* Katy Rogers, president; Kathy Landreth, secretary; Diane Hansen, vice-president; Barb Barth, publicity; and Sue Brin, treasurer.

Varsity Club



Varsity letters are won for such sports as football, tennis and swimming.

The familiar white and red sweaters seen on our athletic heroes are the membership cards of Varsity Club. It was formed to promote athletic competition and good sportsmanship. The club sponsored several fun nights and a track meet this year.

Band

Band officers are, *left to right:* Jim Nickelsen, Pres.; Rick Holzmacher, Vice-Pres.; Barb Oswald, Student Assistant; Ed Neunherz, Treas.; Mary Clayton, Librarian; and Gail Whisler, Sec.

Orchestra

The bandmaster raises his baton, calls attention, and the result is anything from "Washington Post" to the finale of the "New World Symphony." Our band serves as an invaluable part of our pep rallies, operettas, and assemblies, as well as performing in their own concerts. The pep they instilled at our football games when led by their snappy majors and decked by their six beautiful majorettes was noticed by us all. This year the band has appeared in such events as the Christmas Concert, the District Music Festival, the Spring Pops Concert, and also marched in the Memorial Day Parade.

Besides boasting such an excellent band Deerfield High School has a fine orchestra which serves its school in such functions as the Christmas Concert, Interim League Festival, and Spring Music Festival. The orchestra gives a fine opportunity to those students interested in furthering their music ability in a self-satisfying way. The officers of orchestra are Jim Isaacson, Pres.; Nancy Freifeld, Vice-Pres.; Larry Rigler, Sec.; Gregg Kraft, Treas.; and Karen Olsen, Lib. Mr. Spriester is the director of both the band and orchestra.

A Cappella and Girls' Choruses

A pleasing blend of sopranos, altos, tenors, and basses produces our very active choir. Under the direction of Mr. Kyle, the A Cappella Choir carried the Deerfield High School spirit as they performed for such groups as the Women's Club and the grammar schools. They also made appearances in various music festivals and the Christmas Concert. At Christmas they put on "Amahl and the Night Visitors" in an all school assembly.

In addition to the A Cappella Choir, there is Girls' Chorus which utilizes the unique qualities of an all female group. This group provides a fine atmosphere in which girls can learn to blend and perform their vocal talents for the good of their school and their own enjoyment.

Football

15, 24, Hike! They're off again! Our Deerfield Warriors, led by Coach Doug Kay, have entered their second year of varsity competition in the Interim League. Although they lacked the experience of older schools in the league, the Warriors struggled to two close losses. The scores of East Leyden 7, Deerfield 6 and Niles West 21, Deerfield 19 show the fighting spirit of our team. Seniors Dick Nychay and Jerry Christy were selected to the 1962 Interim League All-Conference football team. Tom Brown, Tim Wang, Joel Brash, Dave Finnell, and Tee Newbrough also received honorable mention. The school is proud of the fine job our Warriors and their coaches have done.

Cross Country

The Varsity Cross Country team, coached by Mr. Renaud, started their season slowly, but finished strongly. They won their last three meets, beating a highly-ranked Glenbrook team. The frosh-soph squad finished the season with five wins. On the district meet, Deerfield placed 7th, beating Highland Park among many others. The best individual effort was put forth by Wally Weinert. He led the Varsity to its victories in the individual meets and in the district. He placed 2nd in the district and 25th in the state meet.

Golf

One of Deerfield's most promising varsity sports is golf. Under Coach T. R. Repsholdt, the boys have gained much knowledge of the sport and look forward to finishing high in this year's conference standings. Returning lettermen to the varsity squad are: John Fleming, starting man, Bill Daniels, Mike Hadjuk, and Skip Godow.

Skip Godow

Tennis

Although the stiffest competition was yet to come, both tennis teams looked good early in the 1963 season. After only one year of varsity competition, the Deerfield netmen look forward to many victories and have the ability to do it. Under coaches Davidson and Wildermuth, the returning varsity squad and the new frosh-soph squad hope for high standings in the May 17-18 state meet.

Track

As spring rolls around to Deerfield, so does the track season. The team got off to an early start this year to shape up last year's team and put together this year's frosh-soph squad. With both teams hard at work, the boys are ready for some stiff competition and look forward to a year of victories.

Baseball

Once again the baseball season makes its way into the activities of Deerfield High School. Still only after their first year of varsity competition, the returning seniors and juniors to the varsity team have promising outlooks for the future. The frosh-soph team also expects a good winning season.

Gima

Girls' Intermural Association is an organization for girls whose enthusiasm for sports is not totally satisfied in gym class. A wide variety of after-school activities is offered, among them: swimming, field hockey, volleyball and baseball. Gima sponsors an annual turnabout in December, and the sale of refreshments at home games. Together with the Varsity Club, Gima promotes school spirit by support of the teams at games and pep rallies. Under the supervision of Miss Sukowatey and the executive and intermural boards, Gima has increased sportsmanship and pleasure in athletics among Deerfield girls.

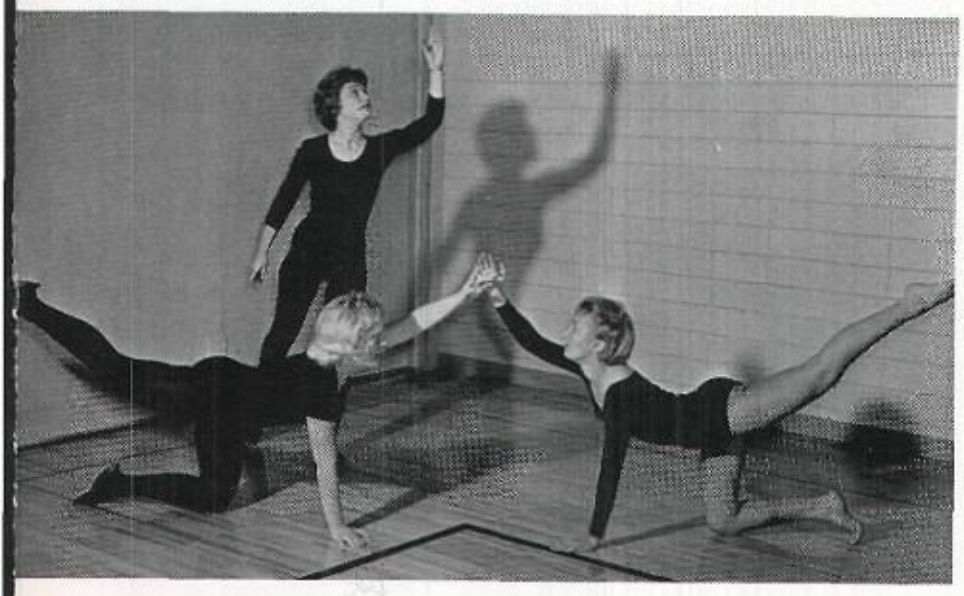
Locker room attendant, John Credi is always on his toes making sure all the boys get the right equipment and a friendly word of advice.

What would the girls do without Mrs. Gilbertsen? She is always ready to hand out another towel or help solve problems with a friendly smile and perhaps a few snaps and pins.



Modern dance is one activity the girls really go for. They can express their deeper feelings or just have a good time dancing to music. Here two girls limber up, with their instructor showing them how.
